## GRAND OPENING OF JOWONIO'S TRIKE TOWN! June 3 Event Will Showcase School's Unique Outdoor Facility

*Syracuse* – Jowonio School's Trike Town is ready for its Grand Opening! On June 3, the school will hold a ribbon-cutting ceremony, officially opening this exciting outdoor facility to 160 young children who are ready to pedal! The festivities will include a colorful trike parade, balloons and bubbles, ice cream, music, and the presentation of a \$15,000 check from CVS Caremark Charitable Trust, one of the project's recent major funders.

Trike Town is a multi-level play and therapy area unlike any other in Central New York. Designed by the architectural firm of A.J. Miller & Associates, and constructed by Lee Construction, the facility has been built over the past year on approximately one-half acre behind the school's East Genesee Street location. It includes almost 400 feet of paved track that loops under a tunnel and over a bridge, while passing by a child-sized village, natural bog, and country barn. Along the way, crosswalks and road signs will help children will learn about road safety, while surrounding gardens and natural landscaping allow young riders to explore the outdoor environment. At one end of Trike Town, a child-sized stage faces a gently rising hillside, offering opportunities for creative play and performances, and also serving as a perfect slope for sledding in the winter months.

A long-time dream of Jowonio School Director Ellen Barnes and the school's therapists and teachers, Trike Town has been designed to be a therapy and play area for children of varying abilities. Trike riding is an ideal activity for developing a range of gross motor skills, endurance, balance, general coordination, and social skills, and is particularly beneficial for children with special needs. One-third of Jowonio's students have physical and/or developmental disabilities, and Trike Town will help those children participate alongside their typical peers as they experience one of the quintessential joys of childhood.

Trike Town has been made possible through generous support from the [Allyn Foundation](#), [CVS Caremark Charitable Trust](#), [John Ben Snow Foundation](#), [Nancy Radoff](#), the [Greene-Milstein Family Foundation](#), [Central New York Community Foundation](#), [Building Bridges Foundation](#), and the [J.M. McDonald Foundation](#). Numerous individuals and families have also helped support Trike Town, and additional contributions are still welcome for the facility's ongoing maintenance.
